За допомогою нового додатка користувачі можуть:

- швидко переходити до можливостей фінансування та тендерів ЄС;
- переглядати останні новини та події, що анонсуються на Порталі;
- зберігати пошукові запити, підписуватися на теми та отримувати персоналізовані сповіщення щодо актуальних і релевантних подій;
- отримувати сповіщення в режимі реального часу;
- безперешкодно взаємодіяти у додатку з іншими інструментами, наприклад, календарі, та ділитися швидко інформацією;
- перевіряти статус пропозицій та проєктів користувачів у режимі реального часу;
- обмінюватися прямими повідомленнями між координаторами проєктів та відповідальними за проєкти;
- надавати відгуки безпосередньо для вдосконалення додатка.

Participant Register

The participant register is now multilingual! Select your preferred language from the top of the page.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, you need to register. All correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register.

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are not logged in, click on the 'Register' button. Check what information you need to register in the Online Manual - and keep it to hand during registration.

You can suspend the registration process at any time: the data entered can be saved as draft Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the EIC Accelerator), you need to provide a valid SME declaration. Should your project or tender be successfully evaluated, the registered data will be verified by the Commission.

Participant Register

The participant register is now multilingual! Select your preferred language from the top right corner of the Portal.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Find a registered organisation

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check the information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the EIC Accelerator) you must also carry out the SME self-assessment.

Should your project or tender be successfully registered, the registered data will be verified by the Central Validation Service team before the signature of the Grant Agreement or of the Framework Contract.

Welcome to the Participant Register

The Registration wizard will guide you through the registration process.

- Please have the relevant documents at hand, to make sure you fill in everything correctly.
- Registration will take 5-10 minutes. The system will automatically save your information in case you need to close the wizard. Your data will be restored the next time when you re-enter the page.
- Your organisation PIC number will be displayed when you have completed the registration. PIC: Participant Identification Code.

Discover the funding & tenders opportunities

Find out how to participate by following these key steps.

Find calls for proposals

Explore the available EU funding opportunities by searching for calls for proposal and submit a proposal.

View projects and results

Browse through EU funded projects and learn about the results. Invest in open success stories.

Home > Funding > Calls for proposals

Calls for proposals

Calls for proposals are funding opportunities issued by the European Union institutions, agencies and bodies. These are direct financial contributions, known as grants, that are awarded to third-party beneficiaries (e.g., research organisations, public entities, non-governmental organisations, and private companies) to engage in activities that serve EU policies.

Description

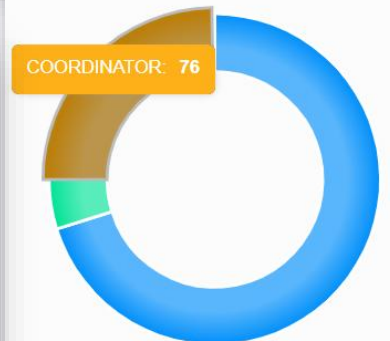

The University of Coimbra (UC) has a large experience in managing European exchange projects. Each academic year more than 500 students experience a period of study abroad and around 700 exchange students experience a period of study in Coimbra. The University has adapted its structures to the needs of foreign students and staff, both training and research. Among the eight Colleges/Faculties of UC (Fac. Law, Fac. Medicine, Fac. Arts and Humanities, Fac. Pharmacy, Fac. Economy, Fac. Sciences and Technology, Fac. Psychology and Education Sciences, Fac. Sport Sciences and Physical Education), UC pursues a policy of continuous improvement in several areas, ensuring high standards of teaching and research, as well as being an active participant in the development of the European world.

PLUGIT FINLAND OY

Organisation

Contact

Plugit is a charging place operator (CPO), building and operating light and heavy-duty vehicle charging places (AC/DC: CCS, MCS) in Finland and in Sweden. We have our own EMS, backend and app, which can be developed for future digital applications. We can operate battery energy storage system (BESS) upto ~1MWh at our charging sites to speed up the vehicle charging and balance the grid. We can offer all around year real test site with temperatures down to -30C (in many Finnish winters).

Structure of the Proposal

The proposal contains two parts:

- Part A of the proposal is generated by the IT system. It is based on the information entered by the participants through the submission system in the Funding & Tenders Portal. The participants can update the information in the submission system at any time before final submission.
- Part B of the proposal is the narrative part that includes the sections that each correspond to an evaluation criterion. Part B needs to be uploaded as a PDF document following the templates downloaded by the applicants in the submission system for the specific call or topic. The templates for a specific call may slightly differ from the example provided in this document.

The electronic submission system is an online wizard that guides you step-by-step through the preparation of your proposal. The submission process consists of 6 steps:

- Step 1: Logging in the Portal
- Step 2: Select the call, topic and type of action in the Portal
- Step 3: Create a draft proposal. Title, acronym, summary, main organisation and contact details
- Step 4: Manage your parties and contact details, add your partner organisations and contact details
- Step 5: Edit and complete web forms for proposal part A and upload proposal part B
- Step 6: Submit the proposal

Generate the Excel file in macro-free format

Ready for the online submission system

Instructions

Go to Beneficiaries and Affiliated Entities list

! Double click buttons !

Go to Work packages list

This workbook enables you to present the detailed estimation of costs of your lump sum project and to calculate the lump sum breakdown per beneficiary and per work package. It must be uploaded as an additional document at the 'Proposal forms' step of proposal submission. This is mandatory. If you do not upload the Excel workbook, the proposal submission will be blocked.

You must not change the structure of this workbook (e.g., do not add, remove or modify rows, columns or tabs).

Comprehensive guidance and background on [lump sum funding under Horizon Europe](#) is available on the Funding & Tenders Portal. To get started, we recommend to read the guide [Lump sum funding – what do I need to know](#). This includes details on how to complete this Excel workbook. The weblinks are provided in column E.

We recommend using Excel 2013 (Windows) / Excel 2016 (Mac OS) or more recent.

The only currency used in this workbook is EURO.

Project proposal – Technical description (Part B)

Version 4.0
16 December 2024

Call: [insert call identifier] – [insert call name]

EU Grants: Application form (HE EIC Ukraine): V1.0 – 03.07.2025

Proposal template Part B: technical description

The structure of this template must be followed when preparing your proposal. It has been designed to ensure that the important aspects of your planned work are presented in a way that will enable the experts to make an effective assessment against the evaluation criteria. Sections 1, 2 and 3 each correspond to an evaluation criterion.

Please be aware that proposals will be evaluated as they were submitted, rather than on their potential if certain changes were to be made. This means that only proposals that successfully address all the required aspects will have a chance of being funded. There will be no possibility for significant changes to content, budget and consortium composition during grant preparation.

⚠ Page limit: The title, list of participants and sections 1, 2 and 3, together, should not be longer than 22 pages. All tables, figures, references and any other element pertaining to these sections must be included as an integral part of these sections and are thus counted against this page limit. The number of pages included in each section of this template is only indicative.

The cover page (including the Seal of Excellence section, if applicable) must be completed and maintained. If missing, the proposal could be considered incomplete and therefore inadmissible.

The page limit will be applied automatically; therefore you must remove this instruction page before submitting. Remove also the table with the definition of terms and the help text added after each section.

If you attempt to upload a proposal longer than the specified limit before the deadline, you will receive an automatic warning and will be advised to shorten and re-upload the proposal. After the deadline, excess pages (in over-long proposals/applications) will be automatically made invisible, and will not be taken into consideration by the experts. The proposal is a self-contained document, meaning that experts will be instructed to ignore hyperlinks to information that is specifically designed to expand the proposal, thus circumventing the page limit.

Please, do not consider the page limit as a target! It is in your interest to keep your text as concise as possible, since experts rarely view unnecessarily long proposals in a positive light.

⚠ The following formatting conditions apply.

The reference font for the body text of proposals is Times New Roman (Windows platforms), Times/Times New Roman (Apple platforms) or Nimbus Roman No. 9 L (Linux distributions).

The use of a different font for the body text is not advised and is subject to the cumulative conditions that the font is legible and that its use does not significantly shorten the representation of the proposal in number of pages compared to using the reference font (for example with a view to bypass the page limit).

The minimum font size allowed is 11 points. Standard character spacing and a minimum of single line spacing is to be used. This applies to the body text, including text in tables.

Text elements other than the body text, such as headers, foot/end notes, captions, formula's, may deviate, but must be legible.

The page size is A4, and all margins (top, bottom, left, right) should be at least 15 mm (not including any footers or headers).

This document is tagged. Do not delete the tags; they are needed for our internal processing of information, mostly for statistical gathering. In that light, please do not move, delete, re-order, alter tags in any way, as they might create problems in our internal processing tools. Tags do not affect or influence the outcome of your application.

Слід уважно **вивчити умови конкурсу**, критерії оцінки (Досконалість, Вплив, Якість і ефективність реалізації), тип фінансування, тип діяльності проекту

Open For Submission

Funded by
the European Union

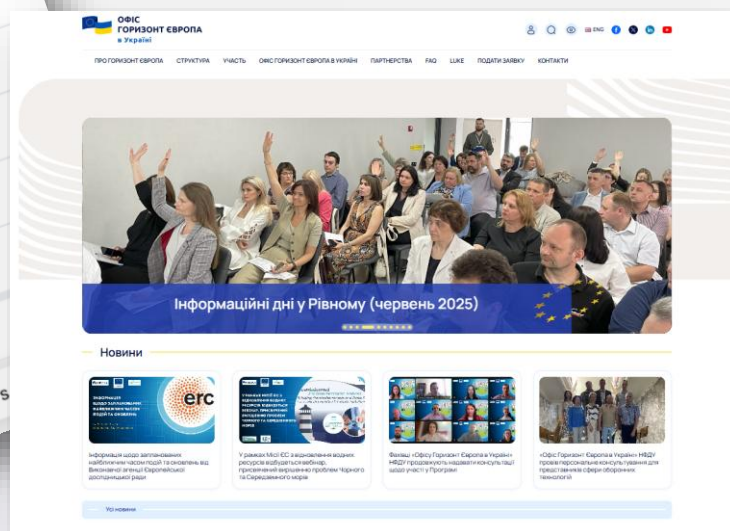

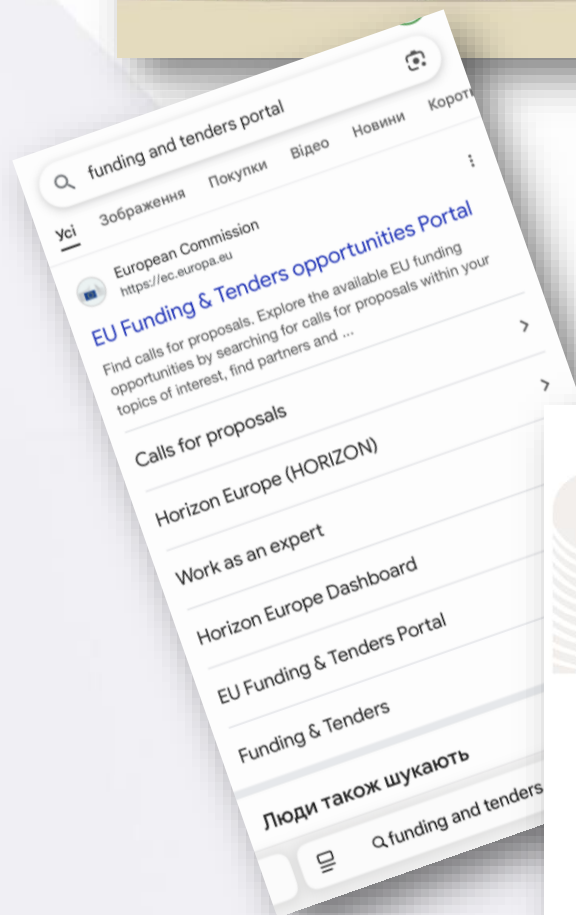

Підготування проєктної заявки починається **заздалегідь, за 4-12 місяців до кінцевого терміну подання**. Це час потрібен для розроблення концепції, створення консорціуму партнерів (*мінімум 3 організації з різних країн ЄС чи асоційованих країн*), узгодження бюджету та плану проєкту.

Рекомендовано виділити щонайменше **два місяці** на написання заявки і **окремий час** на її перевірку.

Підготування заявки передбачає **активну співпрацю між партнерами консорціуму** для узгодження завдань, бюджету та плану виконання.

Подання заявки відбувається **через Портал** у період відкритого конкурсу, заявку подає **координатор** консорціуму або окрема організація (залежно від типу конкурсу).

Важливо користуватись **офіційними інформаційними ресурсами** та долучатись до інформаційних днів і вебінарів, присвячених програмі.
